

## Fee Structure for DataKart Premium Service

**G**S1 India's DataKart is an online, cloud-based service that enables upload, manage and exchange of product information between suppliers, brand owners, retailers and online shopping sites. While access to DataKart base version (which enables assigning barcode numbers to products and uploading basic product information) is included as part of the GS1 India barcode subscription fees; access to DataKart premium service (which allows exchange of product data between suppliers, brand owners, retailers and online shopping sites in an automated manner in real time) has a subscription fees. To know more the premium functionalities and its benefits visit <http://www.gs1india.org/datakart>.

### DataKart premium service subscription fees comprises of:

- **Registration fees:** This is a one-time fee, payable during registration. This fee is based on a company's annual sales turnover. Please refer to the table below for the applicable registration fees.
- **Subscription fees:** This fee is payable at registration and subsequently during the renewal of the subscription. While registering, subscribers have the option of paying the subscription fees for 1 or 3 years. Subscribers are requested to renew their subscription on or before the expiry of the subscription validity period as specified at the time of registration or during the renewal of your subscription. Please refer to the table below to know the applicable subscription fees.
